

CALIFORNIA STATE UNIVERSITY, LONG BEACH

DEPARTMENT OF THEATRE ARTS

June 30, 2014

To Whom it May Concern,

I am writing to highly recommend Dennis Frayne for your serious consideration. Dennis is a recent graduate of CSULB with a BM in Music Education (Choral/Vocal), and Piano, a BA in Theatre Arts (Magna cum laude) and the California Single Subject Credential in Music.

During his time at CSULB Dennis proved to be an exceptional student and inspirational leader. His talents, intelligence and superior work ethic afforded him the opportunity to participate in and initiate numerous valuable projects for himself, his peers and the community we serve. As you can see from his resume, Dennis has succeeded in developing and being an active participant in an array of exceptional projects within the theatre arts and music departments. He is held in high esteem by faculty and students.

As a theatre major Dennis was very engaged in stretching his knowledge of the art through a variety of lenses. As a student he was inquisitive, innovative, challenging and relentless in his pursuit of opportunities to expand his areas of expertise. I very much enjoyed having Dennis in classes as I learned I could expect from him a rigorous, professional and joyous approach to the work.

I believe Dennis will be a fine teacher. He is intelligent, resourceful, collaborative, a true leader and patient. His love for the arts is apparent in every choice he made during his time at CSULB.

Please feel free to contact me if you have any questions.

Very best wishes,

Anne D'Zmura
Chair, Theatre Arts Department
